

WORLD CHILDREN'S & ELDERS' DAY

Horizon — the Pearl of Education under the silver lined oyster white clouds

Amidst the Covid 19 darkness and gloom, the sun shines brilliantly over Horizon College International (HCI) Malabe. As HCI sails past the milestone of 12 glorious years of existence, the transition from physical to online education has been smooth and successful.

In our branch school at Nugegoda, the 36 teachers follow the same syllabus and employ the same methods of online teaching which is monitored by the Principal of Nugegoda, Mr. Daminda Kulathunga.

The 195 efficient academic staff members, under the able guidance of the Principal Mrs. Maryanne Hills, teach online continuing to deliver education with quality, care and excellence, the hallmarks of HCI. The syllabi from Play Group to Senior school are covered meticulously with blended learning and using the latest technology of Smart Boards. In the Elementary school, activity based learning is continued online and the usual class trips were substituted with virtual trips. Talent shows, Art and Handwork exhibitions, Virtual Inter class debates continued giving the students the experiences they were meant to receive in physical class

rooms. Furthermore, the IPrimary Edexcel (London) syllabi has been introduced in the Primary school. Interactive sessions with parents and a team of counselors dealing with numerous issues the children face during the pandemic are held ensuring that adequate pastoral care is given.

Academic excellence

The HCI Edexcel IGCSE and IAL results of 2020 justifies that Senior school online teaching learning process has indeed been successful.

Our results at both exams have a 100% pass rate with high achievers in both the IGCSE and IAL examinations.

Exciting co-curricular online activities

Numerous exciting online activities were organized to keep the Horizonites active and to make learning pleasurable. The students enthusiastically participated in the webinars on Plasticycide, Positivity and being Optimistic and 'Imagine' a workshop on creative writing. The HCI clubs and societies have been very active despite the pandemic. Q Fiesta on General Knowledge was conducted by the Science Club; Eco Battle 2020/2021 - Online quiz was held to mark Environment Day;

The plan Tiny Coates won 1st runners up including a cash prize of Rs. 30,000/- and a Wisdom Business school scholarship. "The Bus Fair" was selected as the most impactful business idea.

Secure future with Horizon

Mr. Upul Daranagama, the founder Chairman of HCI and Horizon Campus, stated that a state of the art campus was opened recently at Knowledge City Malabe, which accommodates 4000 students in its new premises whilst the existing Campus will cater to 3000 students following IT and Management programmes. HCI is at the forefront as a unique school which providing total solutions for your child's educational needs from elementary to higher education. You have access to high quality education, all under one roof complemented with modern state of the art facilities, excellent academic standards and pastoral care, facilities for sports and recreational activities.

HORIZON COLLEGE INTERNATIONAL

Where it's **CHILDREN'S DAY** Everyday.

We at Horizon College believe that the "International Children's Day" should be everyday at our institution and that undivided attention should be given to every child, each day. Celebrating it's 12th Year Anniversary on 16th September 2021, Horizon College in it's relatively short span has been able to provide the best of Education through the British Curriculum by partnering with UK's largest awarding organisation of academic and vocational qualifications - Pearson EDEXCEL. Not even the pandemic has been able to weaken our commitment to our Children, as we maintain the highest standards of quality in Education through Online Classes, so that your child may continually step up to the challenges of the future.
